The petitions were submitted pursuant to Section 251 of the Trade Act of 1974 (19 U.S.C. 2341). Consequently, the United States Department of Commerce has initiated separate investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each firm contributed importantly to total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Any party having a substantial interest in the proceedings may request a public hearing on the matter. A request for a hearing must be received by the Trade Adjustment Assistance Division, Room 7023, Economic Development Administration, U.S. Department of Commerce, Washington, D.C. 20230, no later than the close of business of the tenth calendar day following the publication of this notice.

The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: August 17, 1995.

**Foreign-Trade Zones Board**

**[Docket A(32b1)-16-95]**

**Foreign-Trade Zone 122—Corpus  
Christi, TX, Subzone 122A, Coastal  
Refining and Marketing, Inc. (Crude Oil  
Refinery); Request for Modification of  
Restrictions**

A request has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Corpus Christi Authority, grantee of FTZ 122, pursuant to

§ 400.32(b)(1) of the Board's regulations, for modification of the restricted scope of authority in FTZ Board Order 310 authorizing Subzone 122A at the crude oil refinery of Coastal Refining and Marketing, Inc. (Coastal), in Corpus Christi, Texas. The request was formally filed on August 18, 1995.

The FTZ Board approved subzone status for the Coastal refinery in 1985 (Subzone 122A, Board Order 310, 50 FR 38020, 9/19/85). The approval was restricted in scope so that the refinery did not have the option to choose non-privileged foreign status (NPF) on incoming foreign merchandise.

The company is now requesting that this restriction be modified so that the refinery would have the option available under the FTZ Act to choose NPF status on foreign refinery inputs used to produce certain petrochemical feedstocks and by-products including the following: benzene, toluene, xylenes, hydrocarbon mixtures, distillates/residual fuel oils, kerosene,

naphthas, liquified natural gas, ethane, propane, butane, ethylene, propylene, butylene, butadiene, petroleum coke, asphalt, sulfur, sulfuric acid, cumene and pseudocumene.

The request cites the FTZ Board's recent decision in the Amoco, Texas City, Texas case (Board Order 731, 60 FR 13118, 3/10/95) which authorized subzone status with the NPF option noted above. In the Amoco case, the Board concluded that the restriction that precluded this NPF option was not needed under current oil refinery industry circumstances.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 25, 1995.

A copy of the application and accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue NW., Washington, DC 20230.

Dated: August 18, 1995.

## International Trade Administration

### Determination Not To Revoke Antidumping Duty Orders and Findings nor To Terminate Suspended Investigations

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Determination not to revoke antidumping duty orders and findings nor to terminate suspended investigations.

**SUMMARY:** The Department of Commerce is notifying the public of its determination not to revoke the antidumping duty orders and findings nor to terminate the suspended investigations listed below.

**EFFECTIVE DATE:** August 25, 1995.

**FOR FURTHER INFORMATION CONTACT:** Michael Panfeld or the analyst listed under Antidumping Proceeding at: Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, telephone (202) 482-4737.

**SUPPLEMENTARY INFORMATION:** The Department of Commerce (the Department) may revoke an antidumping duty order or finding or terminate a suspended investigation, pursuant to 19 CFR 353.25(d)(4)(iii), if no interested party has requested an administrative review for four consecutive annual anniversary months and no domestic interested party objects to the revocation or requests an administrative review.

We had not received a request to conduct an administrative review for the most recent four consecutive annual anniversary months. Therefore, pursuant to § 353.25(d)(4)(i) of the Department's regulations, on July 3, 1995, we published in the **Federal Register** a notice of intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations and served written notice of the intent to each domestic interested party on the Department's service list in each case. Within the specified time frame, we received objections from domestic interested parties to our intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations. Therefore, because domestic interested parties objected to our intent to revoke or terminate, we no longer intend to revoke these antidumping duty orders and findings or to terminate the suspended investigations.
